Metallic, available in 5 colors, cover material with brushed metal structure. Recommended only for hardcover products. Perfect for foil and blind debossing. Good value for money.

Matryx Scala

Matryx Santos

VP0801 (S)

VP0701 (H)

Durable and elegant cover material with a delicate texture in black color. It is distinguished by its extraordinary slimness. Ideal for customization by means of foil debossing, available in four colors: gold, silver, black and white. Matrix Scala is also available with cardboard glued on the inner side that is exclusively used for softcover notebooks.

VP1101

VP1102

Exceptionally smooth, matt cover material. The structure and appearance resemble paper, but it has exceptional scratch and stains resistance. The recommended customization method is foil debossing.
